Ack. I have advised LSU to close loop with OPS (just for their legal counsel's SA), and the team of SME's on my end are actively engaged with OPS, Sol Gen, in terms of implementing the previous process. We have also acquired the list of resources deployed and will prioritize based on schedules, to ensure that those deployed have the necessary authorities.

Subject: RE: Command Meeting

Hi All,

The GSB command meeting just ended. I have given direction to Melissa Rusk to proceed with the swearing in of all deployed RCMP officers with OPS (special Cst).

OPS is preparing a new briefing package with clear expectations and legal authorities. We have expressed how urgently this is needed to provide our front line officers with the proper guidance and the mission needs to be crystal clear.

I brought up the police presence wording instead of observation posts. We'll see if they concur. The focus moving forward will be to provide a police presence so that city crews can continue to clean up in a safe and secure manner. The CIC will remain stood up for the weekend.

More to follow.
